A Matter Of Really Going Broke

CONCERN is evident as Al Sereni, DC Scavenger company president (seated left) and attorney Conrad Reisch prepare cost estimates of their garbage operations for city council action on a rate increase. The scavengers, on the verge of going broke because of prohibitive expenses in operating the fill-and-cover dump at Mussel Rock, have asked for a 25-cent increase for monthly pickup service here. Scavengers looking on (from left to right): Joe Delucchi, Mario Repetto, John Rottaro, George Riccomi, Jack Eberle and Dario Bonfantini. Council decision is expected next Monday night.

JESD Bonds, State Loan Win By Almost 4-1 Ratio

An expected record number of voters answered Jefferson Elementary School District's immediate needs Tuesday at the polls by approving the crucial bond and state loan requests by almost 4-1 margins.

Final results from the 10 precincts were announced at 8:30 p.m. by Mrs. J. D. White, chairman of the Citizens Committee for Needed Schools.

Proposition 1, asking for permission to sell $1,300,000 in local bonds, drew 2308 yes votes to 607 against.

Proposition 2, request to borrow from the state $7,000,000, passed, 2228 yes to 662 opposed.

What's Planned

The convincing response thus will give the district eventual access to funds for constructing eight new elementary schools, additions to Olympia in Westlake, and a new seventh-eighth grade plant. These projects are necessary to meet anticipated enrollment of 10,000 students by 1962. Current elementary pupil population here is 5850.

The funds to be gained from Tuesday's authorization will be forwarded by the state only after it approves specific needed buildings on a timetable plan.

Since the district is at its maximum tax rate for repayment of state loans (45 cents per $100 assessed valuation), taxes cannot be raised in this category.

Mrs. White extends her appreciation to all residents who backed the district with ballots, and lauded the work of her 27-member committee.

Schools which will become closer to reality via Tuesday's outcome are: new General Pershing, Westlake basin, M. Pauline Brown, Abe Lincoln 1 and 2, Portola, 2 in St. Francis subdivision, the 3 classrooms for Olympia, and the new intermediate plant.

REINSTATEMENT PROTEST

Weibel Loses Out, 3-0

Requests for reconsideration and a board of review for Supt. Henry Weibel were rejected last night by 3-0 vote of elementary school district trustees.

Citing their legal authority and "obligation as trustees," chairman Hartley Appleton, Mrs. Katherine Mullen and Mrs. Doris Wimberly sealed the verdict in a special, well-attended meting at Ben Franklin school auditorium.

Trustee Joseph Lewkowitz, whose motion early in the evening for the board to reconsider the dismissal died for lack of a second, left the hall after his bid for the superintendent failed. Trustee Michael Callan did not attend the meeting.

Special Session

The decision on public protests in behalf of Weibel was continued by trustees to last night during a meeting called primarily for presentation of a curriculum report, given by Wimberly.

Appleton and Wimberly calmly reiterated the board's position in rejecting the protests of 700 citizen petitioners, the teachers association, nine principals, two of four district coordinators, three health nurses and the 12-church Daly City Ministerial Association.

"Under the state education code," explained Mrs. Wimberly, "we cannot delegate our authority to a third agency — a board of review."

Repeating that the board's action not to rehire the superintendent after June next year was made "after careful evaluation," she cited the interpretation of Irving Brier, legal representative of the California School Boards Association, which is also upheld by Lyle Edson, district deputy attorney.

Cites Legality

"During the past week," she continued, "we have re-checked with legal authorities, and they agree that only the board should decide in evaluation of the superintendent."

Appleton reminded that "no bitterness or enmity" was involved towards Weibel, "but we have an obligation, and have acted in the best interests, we believe, of all concerned."

"We are not infallible," added Appleton. "But we sought all the legal advice we could and gave full consideration to everyone."

Appleton continued, "Any further activity and trouble caused by this situation, we feel, will hurt Mr. Weibel professionally, and certainly do much damage to the district."

Ex-Trustee

Former trustee Henry Kraus, in the audience, took heated exception to Appleton's remark that "The people who purport to be Weibel's friends in this protest are actually hurting the superintendent and the system."

"No sensible person challenges the board's authority," stormed Kraus. "But by making a statement about the friends of the superintendent you have subjected yourself to great criticism—as you have many times in the past with your careless and useless comments."

Appleton answered that Kraus was "entitled to your opinion," and asked the former trustee to "respect the opinions of others."

Acted For All

Weibel, in a "non-prepared" statement, said he has never wanted to hurt the school system and had worked for the benefit of all during his seven years here.

"The board has certain ideas and the people they represent have taken the opposite position," he stated.

"I want it established clearly that these petitions and letters backing me were purely instigated by the people who have sponsored them. I do not

4 Have Filed For Elementary Trustee Duty

A welder with eight children has entered the scramble for two vacancies on the Jefferson Elementary District board of trustees—to be decided at the polls May 20.

Joining incumbents Hartley Appleton and Mrs. Doris Wimberly, and Arthur J. Huelse in the race is Owen D. English, who lives at 711 87th street. Thirty-four years old, English has five children attending district schools.

Attorney Appleton, board chairman, of 1 El Portal way, is completing his first three-year term as trustee. He succeeded Mrs. Katherine Mullen as chairman last year.

Mrs. Wimberly, housewife of 892 North Mayfair, was appointed to the board in 1957 on resignation of trustee Henry Kraus.

Huelse, of 151 Abbot avenue, is 43 and works with a steel company as an estimator. He is past president of Hillside PTA.

A rumored candidate is plumber Donald Lesher, 417 Castle street, president of Hillside PTA.

Filing deadline is April 18, reminds the county schools' office.

STEERING UNIT PUSH LIBRARY, RESERVOIR JOB

Citizens' Steering Committee moved forward Monday night in progress for a new main library, reservoir improvements and water system planning, and mapping recreation facilities.

Samuel Chandler, city librarian, and Dr. Lionel Farber, library committee chairman, aired recommendations for a one-half acre 8 to 10,000 square foot main library site, at Southgate and Windsor in Westlake, with projections for approximately 30,000 books within the next two years.

The city, currently with two inadequate library branches, has allocated money for purchase of the Southgate site from Henry Doelger, but legal hesitation over the Ocean Shore "hump" has stymied the transaction.

Chandler cited the need for at least one volume per person in this area, and hinted that a branch library would probably be necessary if the Christen ranch subdivision property is

Set 'Reward' Hearing In Kidnaping Case

Hearing opens in San Francisco this week to determine which of about a dozen individuals are eligible for the $5000 reward offered in the apprehension of the kidnaper of the Marcus baby of Westlake.

The infant, son of Dr. Sanford A. Marcus, was subject of a widespread hunt in 1955. His kidnaper, Mrs. Betty Jean Benedicto, was released after mental hospital treatment.

CITY DECLARATION

'United' Committee Firms Freeway Fight

The 18-member City Freeway Committee Tuesday night adopted a "united front" resolution urging that both freeways proposed by the state here be junked in favor of an "outside" Daly City route along Stanley drive in San Francisco.

Under chairmanship of Councilman Francis Pacelli and after detailed explanation of the state "studies" for freeways by City Manager Howard Stites, the committee moved for specific counter-action against freeway Alternates A and B.

The resolution, to be mailed to state highway and political representatives, opposes both routes inside Daly City, and asks the state to study the feasibility of routing the north-

Superior Court Trial Ordered On 'Bookie' Wife

The 32-year-old Westlake housewife "bookie" suspect has been held to answer in superior court on a charge of operating a small-scale "bookie operation" from her apartment.

Preliminary hearing, lasting three days, ended Monday in the courtroom of Judge Thomas Bocci Jr. Mrs. Evelyn Carroll, mother of a six-year-old child, was placed in county custody in lieu of $1000 cash or $2000 bond bail. Her address here is 32 Crestwood drive.

The woman, who pled "not guilty" on arraignment last month, is represented by Attorney Joseph Haughey of San Francisco.

The preliminary hearing consisted mainly of under-oath testimony by members of the police raiding party which surprised Mrs. Carroll at her apartment early in February. These included Police Capt. Roy Beecher, Officer Phil LaBruzzo, matron Helen Sherwood, and A. L. Lamport, investigator from the district attorney's office.

Brisbane Schools Have 4 Hopefuls In Trustee Race

Four incumbents are among six candidates facing the May 20 elections to determine three-year seats on the Bayshore and Brisbane elementary school boards.

Mrs. Pearl Butler and Marcia Datzman are unopposed to date in re-election bids at Bayshore.

Incumbents Charles May and Edward R. Whitson have been joined by William Vidaver, 256 Klamath street, and Steven Rewak, 451 Mariposa street, in the Brisbane scramble.

Two jobs will be contested on each board.

Filing deadline is April 18.

Coastsider Is Lone Candidate For JUHS Board

Only one candidate — a Coastsider — had filed at press time today in the race for two seats on the Jefferson High School District board of trustees.

Returning nomination papers to the county schools' office was James M. Cooper, president of Pacific Manor PTA, who lives at 116 Avalon drive, Sharp Park.

Neither Elio Fontana, board chairman from Colma, nor Mrs. Anna Eason, of 199 Westlake avenue, incumbents whose terms expire this June, has filed. Both, however, are expected to seek re-election to the three-year duty.

Fontana is completing his sixth year (second term) on the board. Mrs. Eason has served the district for more than 10 years. She was first appointed in 1947, and was successful as a candidate twice since then.

Cooper's candidacy means possibility of a Coastside majority on the high school board. Trustees Donald Miller and Raymond Whitney live in Pacifica. Former chairman Lyal Ingersoll, like Mrs. Eason, resides in Daly City.

Filing deadline for candidates is April 18. Election will be conducted on May 20.

DECISION DUE ON ARCHITECT FOR LINDA MAR

Trustees have trimmed the list of architect candidates for the Linda Mar plant down to two, Supt. Ed Morgan said today.

The board Monday night completed interviews of six architects and expect to determine their choice of the two remaining at next Monday night's regular meeting, starting at 7:30 p.m. Each trustee has rated the architects on a point basis for consensus decision.

Monday's agenda will include

Filing Deadline Nears For Judge, DA Candidates

Candidates for muni judge and district attorney have until next Friday, March 28, to file for the campaign.

Four Daly City attorneys are among seven hopefuls who have announced intentions to run for the muni court vacancy. But a few dropouts are rumored.

The court-minded lawyers are Daly City's Charles Becker, 42; John J. Fahey, 50; Walter McElroy, 34, and John A. Putkey, 38. South San Francisco possibles are Antonio Gaudio, 46; Thomas Needham, 43, and Conrad Reisch, 34.

Resigning Judge Thomas Bocci Jr. will oppose incumbent District Attorney Keith Sorenson. Others in the district attorney race were not known.

Bill Degliantoni Funeral Service Set This Friday

Services this Friday morning at Lasswell's will pay final tribute to William Degliantoni, 58, who died Tuesday following a heart attack at his roofing and maintenance office, 6281 Mission street.

A native of San Francisco, he had lived here 20 years at 32 Shakespeare street.

Survivors include his wife, Edith Mae; children William C. Degliantoni and Mrs. Marjorie A. Magee; brothers George, Don, Victor, Edward, Guido and Louis; sisters Mrs. Lillian Jones and Mrs. Rose Griffis, and four grandchildren.

He was affiliated with Mt. Davidson Lodge 481 F&AM, Islam Temple AAONMS, California Bodies and ANASR.

Services at 11:30 a.m. will be conducted under the auspices of Mt. Davidson Lodge. Entombment is set for Olivet Memorial park.

VISTA MAR, VISTA GRANDE SOON READY?

Still angry at two contractors for questionable delays on Vista Mar and Vista Grande schools, elementary trustees Wednesday night learned that at least one of their headaches soon will be gone.

Vista Mar elementary, on Southgate in Westlake, probably won't be ready for students until late in May—four months behind schedule. But Vista Grande primary, off Thiers and Wyandotte, is complete structurally—two months late—and double-session pupils are expected to move into the new plant after Easter vacation.

Vista Grande's 6 classrooms, one kindergarten, multi-use and administration quarters were finished last week. The delay now involves a final agreement with the city on the district's access via driveway—Gambetta street—to the school. The district is paying costs of paving, curbs and gutters. Alignment of Thiers street in connection with the school is complete, but the city is concerned because the contractor, Hub-Pacific, has neglected to correct storm drain problems, termed its responsibility.

Brisbane Calls 'Unincorporated' Alliance Meet

Organizational meeting for "an alliance or association" of various property-owner groups in the north San Mateo county will be held this Friday night at 7:30 o'clock in Brisbane's Natalie Lipman school.

The "association" proposal is that of David H. With, president of the Brisbane Homeowners Association. He invites officers of all north county property owner associations to attend.

With believes an association for these groups would help dissolve mutual problems thru careful study, and expedite policy and action to solve needs in the individual communities.

"This association is not intended to usurp the responsibilities or authority of any governmental agency," reminded With. "Rather, it should be geared to work along with them, supplementing their efforts and getting government back to a 'grass roots' basis where it belongs."

Easy Road To Improvements?

CITY FATHERS are on the eve of final decision for improvements to sub-standard and unsafe Market street in front of Colma school. Council pleas for county help on the estimated $68,000 project have been sidetracked by the supervisors in Redwood City. Water main repair, paving, curbs, sidewalks and gutters soon will be installed by the city with the cooperation of adjoining property owners.

Valencia Girls

D. C. HAS TRIPLETS

Daly City has matched—and maybe exceeded—the cannonading uproar in Monaco over the birth of a royal heir.

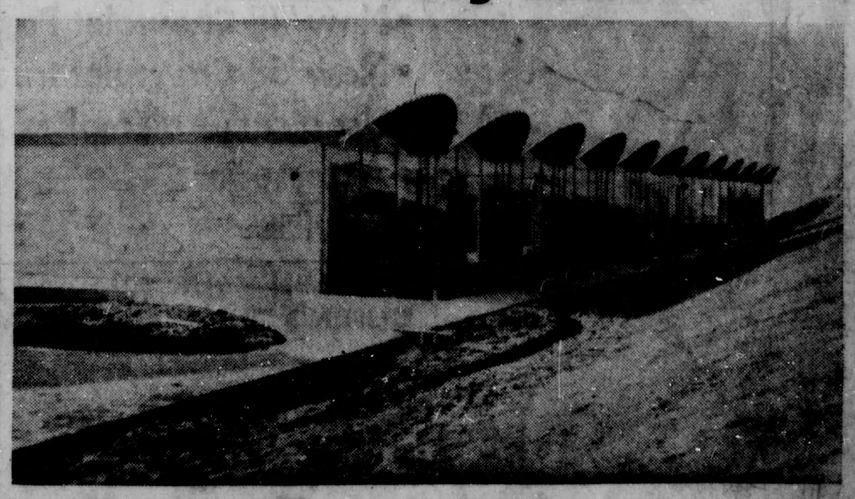
Mariano and Marie Valencia, couple who live at 112 East Vista, early Monday morning at Mary's Help hospital added triplets to their female-predominant household.

Mrs. Valencia, already proud mom of daughters aged 3 and 2, gave birth, between 1:10 and 1:25 a.m., to Brenda, Yolanda and Annette in that order.

Mariano, a baker by trade, and Dr. Emil S. von Dessonneck, the Valencia obstetrician of 6397 Mission street, both felt like passing out cigars.

The other Valencia daughters, Marie Christine and Cynthia Marie, hope to have mom and the new bundles home this weekend.

A School Long-Overdue



HILLSIDE shot of Vista Grande primary school, above Thiers and Wyandotte streets, typifies Architect Mario Ciampi's modernistic touch at the new six-classroom and kindergarten plant. The contractor, Hub-Pacific, finished classrooms and administration facilities last week, but delay over driveway access via Gambetta street won't allow students to occupy the school until after Easter vacation. Hub-Pacific was scheduled to have the Vista Grande completed last January.

know what the correct course is now, but I have my future to think about."

He concluded, "I have tried to remain neutral. The matter, of course, is strictly for the school board and community to decide."

Martin Orloff, chairman of the citizen petitioners, and Rev. Herbert Tweedie, president of the DC Ministerial Association, rose from the audience to reaffirm their backing of the superintendent.

Orloff Declaration

"We don't question the legality of your action," said Orloff. "But the next board of trustees might feel otherwise about the superintendent." Appleton followed.

The 3-0 vote last night bodes a hot campaign for two trustee seats in the May 20 election. Appleton and Wimberly face re-election.

Wimberly's curriculum report was praised by all in attendance. Context of the presentation will be published next week.

The three trustees Wednesday also approved site utilization plans for the M. Pauline Brown school. The venerable lady after whom the school is named, was present.

Brownies and Intermediates of the Broadmoor area, along with their fathers, enjoyed their annual father-daughter banquet at Westmoor High School.

Incumbents Robert C. Garvey and U. S. Simonds Jr. are the only candidates thus far for the May 20 election of trustees in the San Mateo Junior College District, according to the county schools' office. The duty is for four years.

The city library branches together have a total of 16,000 books at present, way below the national per population par.

Three bids on asphalt lining for the quake-damaged Palisades reservoir will be considered by the council this Wednesday in study session. The work to bring the reservoir back to full efficiency should take about a month, according to City Manager Howard Stites. Needed paving around the outside walls brings the total estimate for repairing the reservoir to about $12,200. The reservoir was completely out of commission for 90 days following the quake last March. Before it was drained, it was about two-thirds full.

The city Monday dispatched a new engineer to work on plans for a sixth city reservoir, to be located across Skyline in the high ground of the new Doelger development. Otis Calhoun, city engineer, and Dennis Franco, water committee chairman, presented progress reports Monday night.

The Citizens' Committee also learned from Mrs. Elsie Berg that the recreation committee's inventory of existing school and park facilities is about 80 percent complete. It is a joint survey designed to point up immediate and long-range needs in master planning.

Next meeting of the citizens' group is April 7 at the city hall chamber.

W'lake Group Battle Freeway With Petitions

A committee storming for immediate action to stop the state-proposed Westlake freeway (from Junipero Serra west to Skyline) Monday mailed 2500 petitions to state political and highway department leaders.

The committee, composed entirely of Westlake residents and headed by attorney Edward Molkenbuhr, is acting independently but in cooperation with both the Westlake Improvement Association and City of Daly City anti-freeway committees.

The petitions have been mailed to Gov. Goodwin Knight, chiefs of the state highway division, State Senator Richard Dolwig, Congressman J. Arthur Younger, Assemblyman Louis Francis, and the city council.

The petitions stipulate that Daly City's immediate loss if the freeway were authorized through Westlake would amount to $7,000,000 in business and property values. They indicate that "some 175 homes and four business establishments would actually be removed and another 350 blighted homes along both sides of the freeway would be rendered worthless." Many of the homes in the path of "Alternate A" are only three years old, the petitioners noted.

Both Westlake Improvement Association and the city committee have protested to the state on the proposed Westlake freeway. The latter committee, representing all sections of Daly City, met last night at city hall in a hurried organizational session.

Services at Lasswell's this Thursday at 12:15 p.m. will pay final tribute to Mrs. Elizabeth Rowe who lived at 220 Hillcrest drive. A resident here 37 years, she died Tuesday at Junipero Serra hospital.

Her husband, Laurence, is the lone survivor.

Burial will be in Golden Gate cemetery.

VISTA MAR, VISTA GRANDE SOON READY?

(Continued from Page 1)

gineer Charles Knedel, a Westlake resident, volunteering his professional counsel and disturbed over the delay in the schools being built here, trustees last week referred a "showdown decision" with the Vista Mar and Vista Grande contractors to the board's building and grounds committee, headed by Michael Callan.

At the same time, trustees withheld monthly payments to the contractors pending a firm policy stand against both by Callan's committee.

Knedel keynoted his statements with the declaration that contracts for schools "don't have enough teeth in them" and suggested that contractors should be hired with more specific penalty clauses written into the contracts.

He said the delay reasons given by Hart and Hynding at Vista Mar, to him, were not entirely legitimate. Architect Mario Ciampi, stating that his office had applied constant pressure to speed the two schools, said he was afraid "too strict" contract stipulations would discourage contractors in bidding for jobs here.

south freeway along Stanley drive in San Francisco. The committee feel Daly City is only obligated to provide the north-south route along Skyline to the Coast—but will not stand for either the Westlake splitting east-west proposal or the north-south suggestion down Junipero Serra.

The committee authorized a letter to all organizations in the greater Daly City area, asking these units to adopt similar resolutions and forward same to the council for a "united community policy" against freeways.

Daly City is ready to improve secondary highways to aid its Stanley drive route proposal, Stites said. A necessary move if the route is built outside of Daly City.

Two members of the City Freeway Committee were missing Tuesday night in the first meting of the group. Present were Mayor Joseph Verducci, Councilmen Sanford Vickers and Micheal DeBernardi, City Engineer Otis Calhoun, City Attorney Paul Hupf, School Superintendents Edward D. Morgan and Henry Z. Next meeting of the city committee is Tuesday night, April 1, city council chambers at 8 p.m.

REAL 'FRIENDS OF THE LIBRARY'

National Library Week is upon us, and Daly City couldn't ask for a more timely reminder for remedying a sorry situation.

Thanks to a determined core of community and culture-conscious individuals, much has been achieved in the campaign to provide the city with an adequate main library.

City fathers, working with the citizens' group, are anxious to finalize purchase of a one-half acre site off Southgate and Windsor in Westlake. Their plans preview a building to store some 30,000 to 40,000 books. This is the total needed within the next two years to give the city a "normal" ratio of at least one volume per resident.

The major delay now is caused by legal red tape and an agreement with builder Henry Doelger for the library site. The developer, eager to expedite the transaction, still has problems on the Ocean Shore right-of-way property—after much time-consuming court action.

Purchase of the library site, however, looms in the immediate offing—certainly a tribute to the persistent efforts of "Friends of the Library," and in particular, Mrs. Grace Woods, Dr. Lionel Farber and Samuel Chandler, new city librarian.

We paise their collective success, thus far, during National Library Week.

More of their caliber in any community is a sure guarantee for progress.

Al Bertetta Earns Captaincy In ROTC

Alfred C. Bertetta of Daly City has been appointed cadet captain in the Reserve Officer Training Corps at the University of California in Davis. He will serve as commanding officer during this spring semester, said Lt. Col. Louis B. Besbeck, professor of military science and tactics.

Bertetta, son of Mr. and Mrs. Fred Bertetta of 10 Wilshire court, is a senior majoring in range management in the college of agriculture at Davis.

Strictly For Veterans

By Grace Hill

Veterans who served in the armed forces only during peacetime, and six-month enlistees, may be eligible for hospitalization by the Veterans Administration if they were discharged for a disability suffered or aggravated in the line of duty.

Retired peacetime veterans fall into two special groups for purposes of hospitalization by the Veterans Administration. The groups, and the conditions under which they may be admitted:

1. Until last January 1, those retired from active service must have been receiving disability compensation to qualify for hospitalization. If they chose to take compensation under Public Law 314, and are receiving such compensation, they will have the same entitlement to hospitalization as any veteran receiving compensation. Since last January 1, retirement has been considered the same as discharge for purposes of hospitalization. Persons retired for disability may be eligible now for hospitalization even though they are not receiving compensation.

2. Persons temporarily or permanently retired for disability, or who receive disability retirement pay, who need hospitalization for chronic diseases, may be furnished hospitalization on the same basis as they were by the service from which they retired. For example, if the regulations of the service provide for the payment of subsistence by retired personnel, the Veterans Administration also would charge subsistence.

Veterans needing hospitalization because of injuries or diseases incurred or aggravated in the line of duty have top priority for admission.

ASSEMBLYMAN FRANCIS

Urge State Crackdown On Sales Tax 'Racket'

Assemblyman Louis Francis of San Mateo introduced three bills today to "bust up the sales tax rackets" practiced by some California dealers, retailers and repairmen.

Francis said that millions of dollars are collected from the public each year by improperly charging sales taxes on non-taxable articles, materials, repairs, rentals and other items. Such sales taxes collected are not paid to the state and is "pocketed" by the dealer, retailers and repairmen.

Strangely, there is no state law or regulation at present which prohibits these improper sales tax practices and collections," said the lawmaker. "No wonder these rackets have flourished and grown bigger each year," he added.

One of these three bills provides that any dealer, repairman or retailer who collects from another person for his own gain or profit any amounts designated as a sales tax with respect to any non-taxable rental or property, any non-taxable labor, other services or repairs, or any transaction not subject to a tax, is guilty of a misdemeanor and subject to a term of not less than six months in the county jail, or a fine not exceeding $500, or both, for each offense.

The bill is aimed at those who charge sales taxes for rentals of appliances and equipment, and for labor and repairs. Although sales tax is improperly collected from the public in many cases of repairs and services, such are non-taxable and the proprietor keeps the taxes for additional profits, reported Francis.

Another bill makes it a misdemeanor to collect from a purchaser for his own gain or profit a sales tax computed on the amount of any cash discount allowed the purchaser on the sale.

"For example," Francis explained, "some retailers will charge the sales tax on the list price of $20, but will allow a discount of $8 for a sale price of $12. He will then pay sales tax to the state on $12 and keep the difference of the sales tax collected for his own profit."

The third bill is directed at some super market operators, chain drugstore owners, and retailers who improperly collect from a purchaser of more than one taxable item and other non-taxable items a sales tax computed on the sales price of each taxable item, rather than one sales tax computed on the total sales price of the taxable items. The measure makes it a misdemeanor for each offense.

This method of charging a sales tax on the price of each item instead of the total price of the several items frequently results in as high as 25 per cent more sales taxes being charged to each customer. The operators and retailers pay to the state taxes on the gross receipts of all taxable sales and keeps the sales tax collected in excess for profit.

TWO WESTLAKE ARMY RESERVES ON ACTIVE DUTY

Westlake businessmen Herman L. Schlesselmann and Charles F. Head, both captains in the Army Reserve, are currently undergoing two weeks' active duty training with the Bay Area Army Terminal Center. The two are studying pier-side procedures in the Center's Cargo Operations Division at Oakland Army Terminal.

Captain Schlesselmann, a USF graduate, is district sales supervisor for California Packing Corporation. He resides at 43 Pinehaven drive with his wife, Anne Marie, and three children.

Captain Head is chief of the Southern Pacific's transcontinental rate bureau. He and his wife, Mildred, and son, Thomas, live at 480 Westmoor avenue.

Both are veterans of overseas service during World War II. Head served in the European theater and Schlesselmann in the Philippines.

APRIL FUND DRIVE

Local Cancer Crusade Leaders Map Campaign

North county, Daly City and Coastside volunteer workers are doing an outstanding job this year in promoting the forthcoming April campaign fund drive for the San Mateo county Cancer society.

More than 200 leaders of the drive recently gathered at main headquarters in San Mateo to hear Maj. Gen. John R. Deane, U.S.A. retired, California division president of the American Cancer society, and Mrs. Albert Hedge of Menlo Park, county president, praise their efforts.

It was a get-acquainted session for volunteers. In commenting on the successful meeting General Deane emphasized, "The American Cancer society shortly is again putting on its annual drive in the month of April—with the hope that it can put itself out of business. We need all the help we can get from the people of San Mateo county."

Mrs. Hedge emphasized that it is the hard work to be done by the women—and men—in the various communities of this county which will spell success or failure for the county drive in meeting its $80,780 quota.

North county division chairman is Mrs. Edna Laurel Calhan of Pacifica. South county division chairman is Mrs. Conrad Lazzareschi of Atherton.

City chairmen include the following: Bayshore, John J. Rose; Brisbane, Mrs. Louis J. Duncan; Broadmoor, Mrs. J. S. Bellinger; Colma, Mrs. Albert Lagomarsino; Daly City, Westlake, Mrs. G. S. Disque; and Pacifica, Mrs. George Mason and Mrs. A. J. Christian.

SPRING semester student executive board of Jefferson High are popular and talented students. Front row (from left): Cecile Champagne, treasurer; Dale Peters, vice president; Vicki Tomasi, student body president, and Maxine Tebeau, secretary. Standing are Jerry Starr, head sergeant-at-arms, and Pat Lena, head judge.

OBSERVANCE

Daly Citizens Mark Annual 'Library Week'

This week—March 16 to 22—Daly City has joined the nation in observing National Library Week.

Displays of library books have been placed in the windows of three stores: Woolworths, The Toy Circus and the Daly City Drug. Other displays can be seen in both branches of the public library.

During the week, some 30 posters have been exhibited in the windows of Daly City stores. Most of these posters were created by the local Friends of the Library. In further observance of the week, merchants have subscribed to advertisements for local newspapers.

In preparation for National Library Week, the PTA's of the Jefferson School district have heard Samuel Chandler, city librarian, speak to them about the importance of books and libraries in the 20th century.

Other activities of the library staff members include story hours and library open houses. All citizens of Daly City are invited to visit both branches of the public library at 6351 Mission and 34 Park Plaza.

Letters To The Editor

Reader Praises Dennis, St. Clair On Their Policy

Dear Mr. Bradshaw:

On April 8, three vacancies on our present city council must be filled by the mandate of we voters. Anyone having the best interests of Daly City at heart, naturally desires to see the best qualified candidates elected to perform the important duties of a councilman.

Two outstanding candidates, namely Edward J. Dennis and Robert "Bob" St. Clair, have recently announced their platform.

It is indeed a pleasure to know they will, if elected, act to re-establish Police and Fire Commissions.

Unfortunately, the present city manager recommended the elimination of these two commissions immediately on his appointment in 1955.

The personnel of the police and fire departments are responsible for the health and well being of our entire population, and they certainly merit consideration when problems present themselves in these departments.

Sincerely,
Tony A. Ricci

JEFFERSON ANNEX STUDENTS PRESENT 'BIRD' ASSEMBLY

Second graders at Jefferson Annex had their turn last week in presenting a science program to assembled students, teachers and parents. Natural science was the area they chose with birds as their specific interest.

Twelve different kinds of birds, the characteristics and habits of each; large posters of birds made by the children, a poem recited by the class, a song by the class, how birds' bills determine their food habits, a discussion of bird calls, a recording of interesting bird-calls and songs, banded birds and what to do if one is found—all these were included in the program.

On the display table were fascinating and colorful books and pictures of birds as well as two nests; one the oriole's, the other, the sparrow's. Second graders have also placed a bird-feeding station outside one of the windows at the annex to see if they might attract some feathered friends.

Participating were: James Sheriff, Mitchell Cari, Melinda Gould, Lester Toy, Larry Haxton, David Verette, Jean Badran, Kenneth Borras, Linda Sims, Garey Sanguinetti, Theresa Garcia, Ronald Sanguinetti, Richard Silicani, Janet Baxley, David Monares, Kenneth McMillan, Gary Rancatore and Jerome Taylor.

Insurance Confab

Fred J. Scholder, 84 Forest Grove, will attend a career conference of the New York Life Insurance Company in San Francisco, March 24-28, according to Inspector of Agencies B. W. Walker.

Scholder will join other agents and company executives for educational work in life underwriting, accident and sickness and employee protection insurance.

The Town Record

By Roy Hurlbert

When it rains, it usually pours.

Ask mom and pop VALENCIA, 112 East Vista, who hit the headlines with triplet daughters in the wee hours of Monday.

What diaper and budget problems for the baker and his overburdened missus!

Arrival of the bouncing trio means seven seats at the Valencia dinner table. And dad Mariano, is much in the minority though he'll foot the bills.

Eddie Cantor, move aside. Mr. Valencia is outranked how by six females—including his wife.

Doc Emil von Dessoneck, DC obstetrician, wasn't nervous, he says. But getting three packages instead of one is rough on the ulcers—all parties considered.

Along the same line, top-of-the-hill pubkeeper VINCE MERLO has sounded his claim to fame. The popular character sidetracked the recent Eagles' bowling tourney for the hospital waiting room. He and spouse left with their sixth daughter—brand new, that is.

The elementary school board mess threatens to parallel the fuss and failures at South City—which have dragged on now for years. Even County Supt. of Schools JIM TORMEY has thrown in the towel, 'cause his attempts to harmonize the warfare have been in vain.

We wonder how many people in South City have faith in their school system? And likewise, how many here are overlooking the forest for the trees? Personality contests and friendships should not be involved.

Running the schools is serious business. Wrangling that goes too far can set back the education process as much as apathy at the polls.

Who suffers most? The children.

So, if you're taking sides, make sure you have the facts and the future in mind.

Only one principal's name was missing from the letter to JESD trustees asking them to reconsider Henry Weibel's status as superintendent. FRED SCHWEICKHARDT, the head master at Ben Franklin, did not go along with his contemporaries.

If nothing else, no one can question his fortitude to act as an individual. Perhaps this is why he is regarded so well for his abilities as a principal.

Fred, incidentally, is a newlywed, according to the grapevine. But he isn't the type who goes all out for publicity. Suppose we'll learn who the lucky lady is real soon.

We laud the progress of the citizens' committee working full-throttle to secure a main library. Fortunately, they now have the knowing experience and caliber of a man in SAM CHANDLER, new city librarian, to accelerate the long quest for an adequate facility.

Daly City is far below the national norm for library books, a serious discrepancy here.

Knowledge can only be stored in minds when there is room to store the books that open all the avenues.

A big city paper published a preview story on the elementary bond-state aid school election here Tuesday. All the facts were wrong, according to Mrs. JACK WHITE, chairman of the JESD citizens' committee.

The metropolitan reporter cited the DC superintendent as his source.

Jeff baseball coach STEVE MEZZERA, University of Oregon grad, believes there's more than victory in sports. He dismissed an outstanding third base prospect two weeks ago for "poor attitude."

Steve is respected for producing good athletes—who play on a "team" basis. He demands good sportsmanship and won't tolerate individualists when his squad figures to suffer.

Good philosophy for all levels of society, we think.

Adult School Plans Citizenship Course If There's Demand

The Jefferson High School Adult Education Center, under the direction of John Ivan, will start an evening course in citizenship to be held in a Pacifica school if a minimum enrollment of 18 can be assured.

The Pacifica Branch of the American Association of University Women is promoting the course, which can be accompanied by Basic English and United States History and Civics.

Interested persons should call Mrs. Boudinot at FL 5-6784 for further information so that determination can be made of the extent of demand.

Westlake Catholic Women Present Advance Rummage Sale At Parish

Did you ever think back with nostalgia on the fun of playing an old hand-crank Victrola, and what a hit one would be at a Saturday night get-together? Or how you'd love to have an old wicker trunk to convert into a toy chest for the children? Well, it's items like these that turn up at a rummage sale.

If finding a treasure at a bargain is a thrill for you, the Advance Rummage Sale the Westlake Catholic women are sponsoring at Our Lady of Mercy Parish hall will be something you'll enjoy. The special sale will take place this Saturday and Sunday, between the hours of 1 and 4 p.m. The parish hall is located on Elmwood drive in Westlake.

The regular sale will be held the following Thursday, March 27, at Larkin Hall in the Civic Auditorium building at Grove and Larkin streets, from 9 a.m. to 5 p.m.

Among the specially selected items are many new things donated by leading stores, clothing of all types, millinery, toys, jewelry, household articles and bric-a-brac. The most unusual and valuable items from every department will be gathered together in a new booth, the Botique, which will be decorated with a gay blue and white striped canopy.

Mrs. Walter McElroy Jr., president of Westlake Catholic Women, has appointed Mrs. Alfred Cleary chairman of the event. Among the other workers are the co-chairmen, Mesdames Edward Molkenbuhr, Thomas Daly, James Pidgeon, John Cressalia and Robert Markey.

In charge of various departments are the Mesdames: Thomas Nash, Gerald Bonomi, Richard Dwyer, Theodore Martin, Nell Ellis, Albert Spears, Clifton West, Byron Davenport, William Chamberlain, Charles Boerio, Francis Burkey, Grant Thompson, Milton Reiterman, Elwin Short, Leo Hopkins, Thomas Mitchell, Richard McHugh, Thomas O'Brien, John Kermoian and Albert Fambrini.

Also assisting with arrangements for the rummage sale are Mesdames Dario Bociocco, Louis Gernhardt, Joseph Moore, Robert White, William Brown, Edward Ward, Robert Hage, Victor Scatena Jr. and Clyde Stone.

sale on March 22 and 23, a preview to the parish's big rummage event on March 27. The sales will be staged in the parish hall, 1 Elmwood drive.

SF State Breaks Ground For New I-Arts Building

Ground was broken last week on the second of two new buildings on the San Francisco State College campus at 19th avenue and Holloway. It is a half million dollar addition to the Arts and Industries building. A $1,500,000 library addition already is under construction.

Colma contractor Peter Sartorio started work Monday on the two-story concrete structure which will supplement present quarters where future high school teachers in industrial arts are getting their training.

"There is an acute shortage of teachers in this field," declared Dr. Dwight W. Nichols, coordinator of the industrial arts program. "California's state colleges are turning out fewer than half the number of industrial arts teachers now being employed here. The rest must be brought in from other states."

Nichols said the new addition will permit more than double the present enrollment of about 150 students majoring in industrial arts. Since many of these students wind up in business and industry instead of in the classroom, the teacher output currently is only about 25 a year at San Francisco State. This in future should go up to 50 or 75, Nichols added.

The building is expected to be ready for use in September, 1959.

LEWKOWITZ TO CHAIRMAN DC CANCER DRIVE

At the meeting of Cancer Campaign volunteers here recently, Joseph Lewkowitz was introduced by Mrs. Edna Laurel Calhan, North County Chairman, as the newly appointed over-all Daly City chairman for the 1958 Cancer Crusade. Mrs. Joseph Kusber was named assistant campaign chairman for Daly City.

"The big drive will be held in Daly City April 15, 16, 17," Lewkowitz said. "I am confident that our community will meet its share of the Cancer Society's needs this year, as it has in the past. Most people know of the American Cancer Society's tremendous program of research and education. It is our purpose to call the attention of the public to the actual local work done by the San Mateo County Branch of the society. Forty percent of all funds raised in the county remains here to support the local program of service to cancer patients."

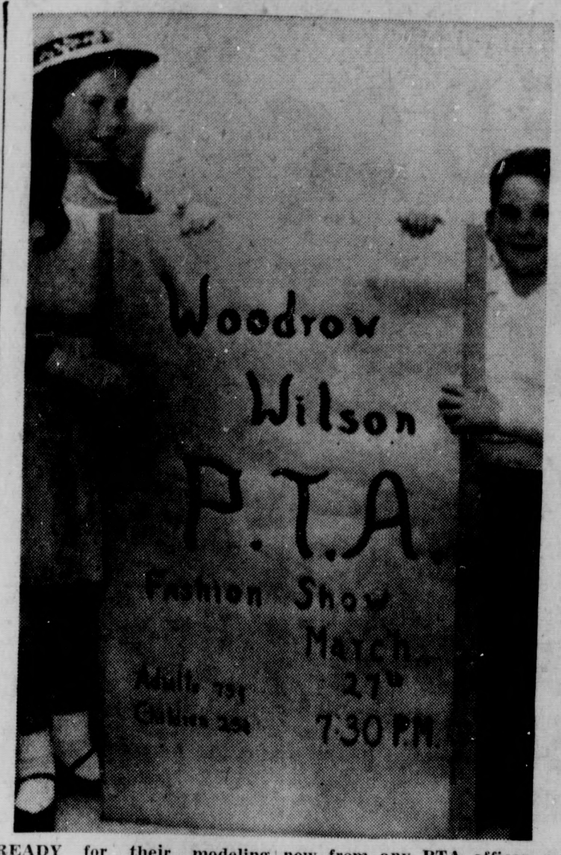
Pointing out that a few hours of a volunteer's time may save a life, Lewkowitz requests that volunteers either contact him at PL 5-3700 or telephone Mrs. Kusber, PL 5-3379.

Lewkowitz is a gas station owner, elementary school trustee, and a candidate for city council.

SF State Professor To Address Parents Of Retarded Kids

The "Human Side of Psychological Testing" was discussed by Dr. L. F. Cain at the meeting of the Parents' Association for Retarded Children of San Mateo county at their monthly meeting next Monday at the Veterans Memorial building, 1455 Madison avenue, Redwood City.

Dr. Cain is the vice-president of San Francisco State College and was formerly the director of special education for the college.



READY for their modeling stint at the coming Woodrow Wilson PTA Fashion Show are Susan and John Walsh. The home-sewn event is set for Thursday evening, March 27 at 7:30 p.m. Tickets are on sale now from any PTA officer or may be obtained the night of the show in the multi-use room of Woodrow Wilson school, 43 Miriam street. A talent show and refreshments will complete the evening's program.

Navy Offers High School Graduates New 'Scientific Education Program'

Chief Leo Polhemus, local recruiter, announced today that the Bureau of Naval Personnel recently listed requirements for the newly initiated Scientific Education Program.

High school graduates or applicants who possess the high school level general education development test score qualification and are on active duty with the Navy can apply for the new college training program.

It should be noted, added Chief Polhemus, that recruit training must have been completed before an application can be submitted for this program.

Five hundred officers trained in the field of science will be added annually to the ranks of the Navy and Marine Corps under the new Science Education Program.

Beginning with the school year of 1958-1959, 500 enlisted men will be enrolled in civilian colleges to take four-year courses leading to a bachelor of science degree and a commission in the Navy.

Strong emphasis will be placed on study in mathematics and the physical sciences. During summer vacations the students will be assigned to Navy laboratories and other scientific establishments to participate in the practical application of their studies.

Students will receive the pay and allowances of their rates while attending college. The Navy Department will pay the cost of their education.

Enlisted men who take advantage of this opportunity must obligate themselves to six years service as of July 1 of the year selected for the program.

A selection board consisting of naval officers and civilians experienced in the field of education will select men for this program from the enlisted ranks on the basis of intelligence and aptitude.

Certificates were issued today to 27 members of the graduating class of volunteers conducted by the San Mateo County Chapter of the American Red Cross in "Home Care of the Sick and Injured."

Volunteers living in the Colma area, recruited through the efforts of Mrs. Jeane Bertken, civil defense chairman of the Benjamin Franklin PTA were put through an intensive course of disaster instructions, with emphasis on preparedness measures, by Vivian Wayne, Red Cross instructor.

The class, conducted in the Community Presbyterian church of Broadmoor, hosted by Reverend Tweedie, is the first of a series planned to be conducted in other areas of the county. Westmoor Dance Pupils Entertain Audience Of 200

Running the gamut from enacting fairy tales to turning somersaults, the Westmoor Creative Dance group gave their second annual dance demonstration before an appreciative audience of 200 people in the multi-purpose room of the Benjamin Franklin school last Thursday night.

Eighty-five pupils performed numbers in creative dance, ballet and tumbling under the instruction of Judith Modell and Charles Hulse, members of the Dick Ford staff. For all of them it was fun—not practiced numbers just for that one evening. They were demonstrating to their parents and friends what goes on in weekly classes when they learn to dance in rhythm to the music and to interpret with their bodies the stories they hear.

Lots of merriment and fun was exuded when the boys quickly went through their tumbling routines and competed in hoop games. These boys, aged from 6½ and up, were only beginners, but showed excellent skill and enthusiasm. They were Lloyd Schutte, Steven Glicksman, Barry Brown, Bruce and Douglas Herald and David Carroll from Westlake; Jay Elliott and Brad Manary from Colma and Mike Bass from South San Francisco.

This Thursday is the beginning of the spring term of 10 weeks, which will include classes in creative dance for preschoolers.

If enough interest is shown in a women's "Slim-Trim" class Mrs. Edward Macklin will organize a class to be held on Thursdays at 1:30 p.m. There are still a few openings in the children's classes.

Something For Everyone

By The Staff Of The Daly City Public Library

There are two skyscrapers in Daly City. Built not of steel or stone these skyscrapers are founded on ideas. They are your public libraries—one at 6351 Mission; the other at 34 Park Plaza.

What stories these buildings could tell: of little people plodding along a line of the page of a picture book, of curious people eager to find an answer; of people impatient to know the ending of a story. Yes, hundreds of citizens of Daly City have enjoyed the services of their public libraries, and hundreds are enjoying these services today, but many more are not. Many of the residents of Daly City have not learned that their public libraries are modern institutions although they are hampered by lack of space. To these people and to all others the staff of both branches of the public library extend an invitation. Come into the library especially during National Library Week which is the week of March 16 to 22.

Those who accept this invitation will find to their delight that the books being printed today are as modern as television; as new as atomic energy. Gone are the dull volumes of plain black letters on rough paper and in their place are books replete with pictures and attractive print. As a result every book in the public libraries contains something that will captivate the interest of the citizens of Daly City. This is a boast that we would like to prove.

During national library week all the displays will feature books on various topics. Several merchants will have book displays in their windows; many more will have posters in their wnidows. These posters will be of special interest because they were created by Daly City's own Friends of the Library.

Now is the time to learn about your libraries. Come visit them.

DOUBLE BONUS—Mrs. Milton Paras, 89 Crestview, holds one of twin boys born to her February 25 at Peninsula hospital. Elmer J. Gollmer, manager of the W. T. Grant Co., displays one of the layettes which the firm awarded to the Paras family. The company offered layettes to each child born of a multiple birth between February 20 and 26. Glen Martin is the twin shown in picture, while his brother, Scott Thomas, was doing well at the hospital at time of the photo. The twins will join two other boys in the Paras family, Keith, 3, and Craig, 5. Also winning the layettes were Mr. and Mrs. Joseph Anaya, 907 Montgomery, San Bruno. Mrs. Anaya gave birth to twin boys, also at Peninsula hospital, just one day after Mrs. Paras' blessed events.

Plumbers Donate Two Scholarships For CSM Students

The Plumbing Industry of San Mateo county today announced that the organization has voted to make available two $50 scholarships to the College of San Mateo.

The scholarships were provided to enable worthy high school seniors to enter the college with sufficient funds to purchase books and necessary incidentals that otherwise might create a difficult burden for some students.

Dr. Julio Bortolazzo, CSM president, invited the Plumbing Industry, along with other civic organizations to provide a large number of the scholarships to start with the fall '58 semester.

The Plumbing Industry for several years has had one of the outstanding apprentice training programs in the nation in operation through the co-operation of the College of San Mateo in the field of sanitary engineering.

DC COP NAILS SPEEDER—AUTO THEFT IS SOLVED

DC Police Officer Dick Phillips has a date in court next month in the case involving a Skyline speeder who was "in a hurry to visit a friend in the county jail."

Phillips subsequently booked Richard Womack, who resides in a San Francisco hotel, for auto theft when the latter couldn't produce any registration for the vehicle.

The car had been stolen from Cupertino, but Womack, with a long criminal record, said he "borrowed it" from a girl friend. The machinist's three young lady riders, with him when Phillips halted the auto on Skyline, were released after questioning.

Womack faces preliminary hearing in SF court on April 20, and Phillips will be there to testify.

Remove The Regime In Control

Robert 'Bob' St. Clair — 76 Ocean Grove

We must have your support to:

1. Replace the city manager's executive padding, over-departmentalization, and neglect of essential personnel, services and equipment.

2. Repeal sales tax, and guarantee the peoples' right to decide by referendum vote—on the penny levy and all major expenditure decisions.

3. Strenghten use of citizens' groups to help formulate master planning, on a practical basis, particularly for a new civic center and long-delayed main library.

4. Encourage both individuals and business firms HERE to share in city operations by giving priority to both when hiring new personnel and purchasing equipment.

5. Restore police and fire commissions, and utilize the services of volunteer firemen—too long denied duty and adequate compensation.

6. Work to harmonize for a united Daly City and fight freeways proposed by the state here.

7. Call for immediate action on water system (reservoir) and street improvements.

8. Remove the city manager council majority by putting men of action in the three vacant seats—men who won't be overruled and content to be a minority faction for political publicity.

Objectives of DENNIS and ST. CLAIR are clear.

Garvey To Run For Re-Election As JC Trustee

Robert C. Garvey announced today that he will be a candidate for re-election to the board of trustees of the College of San Mateo at the school elections to be held on Tuesday, May 20.

Garvey said, "I feel an obligation to remain until the new college takes definite shape. I hope to make some definite and constructive contributions toward it's early and economical completion as well as toward the immediate acquisition of the promised North County site for future expansion."

During his term of office, the board of trustees has taken several forward strides in the expansion of the college. They have sold a considerable portion of the unused Baldwin avenue campus to Mills hospital; they have withdrawn from their efforts to condemn the larger and more expensive 19th avenue site which conflicted with the State Highway Department in the development of the 19th avenue freeway; and they have secured the passage of a bond issue for the erection of a new college for 4000 or more students at the new College Heights site which was selected by a citizens committee.

KIP WORKSHOP HAS VACANCY IN COUNSELING

A vacancy among the senior counselors of KIP Workshop has been created by the loss of Mrs. Alta Marsh. Business and health reasons prompted her decision.

Grace Lapitan of San Francisco, lately of Pasadena Playhouse, has joined the ranks of KIP as a drama coach. Despite Director Kay Irvine's illness, the class is continuing with Jack Irvine and Miss Lapitan conducting and teaching, at the Irvine home. These classes will be held every Saturday from 1 to 4 p.m., instead of twice a month.

Mrs. Irvine's health is improving and she wishes to thank all those who have sent cards and phoned. She expects to be "back in harness" by April 15.

In recent performances, two KIP members, Anthony Miley and Kathy Sallade, each won third place in the SF Moose Lodge "Search for Stars" competition.

Tribe, Rams Face PL Debuts Friday

AT SAN BRUNO

Jeff Nine Kicks Off With Flag-Pick Cap

By Roy Hurlbert

Jefferson and Capuchino, co-favorites in the Peninsula League baseball race, lift the lid against one another this Friday afternoon in a 3:15 tilt at San Bruno.

Coach Steve Mezzera's Tribe, 3-2-1 in practice entering Wednesday's final warmup game with Sacred Heart, are bunched with the Mustangs, South City and Hillsdale in the pre-season ratings.

Senior Paul Tapia or southpaw Jim Wilson will draw the mound duty against potent Cap. Don LeClergue of the San Bruno nine will hurl either Gene Tagliaferri or lefty Ed Weber.

Tagliaferri and Weber are the reasons Cap is so highly regarded this campaign. But plate support makes the Mustangs an indefinite quantity.

Mezzera's club is led by three All-Peninsula returnees from the pennant winning 1957 outfit. In the outfield Friday will be vets Gary Ryan and Barrie Haanen. Ino Patron, two-time all-league first stringer, will lead off and patrol second base.

Jerry Kennedy, stepping in for graduated Bill Strassburger (now with Cal), could be the surprise catcher in the loop.

Patron's infield mates will be bespectacled Roy Reitz at first, Wayne Lewis at short, and heavy-sticking Bud Callaghan at third.

Wilson, if he doesn't start on the hill, will open in rightfield. Tapia injured knee ligaments in a recent game and may not get the call.

Next Tuesday, the Mezzerans face Westmoor across town, followed by a Friday clash at Hillsdale.

The Indians and Lincoln deadlocked 1-1 over eight innings Tuesday at West sunset diamond. Haanen, who like Ryan may be summoned for relief or starting flinging duty, turned in a four-hit throwing effort against the SF nine.

Westmoor Linksmen Defeat Jefferson

Jim Roman's low net 87 for 18 holes featured Westmoor High's golf win over Jefferson's linksmen Tuesday at Lake Merced.

It was the first Peninsula League dual match for both squads.

San Pedro Midgets

Washed out last weekend, Coach George Benson will hold tryouts for his San Pedro Lunch midget baseball team this Sunday, starting at noon, at Jefferson High diamond. Boys under 12 years of age are eligible.

Leveroni With CSM

Ed Leveroni, Jefferson High pitching ace last season, is a member of the College of San Mateo nine. The righthander helped the Daly City preps win the 1957 North Peninsula League championship.

'Kite Derby' Set This Saturday In W'lake, Colma

The first annual "Kite Derby" for Daly City boys and girls will be held this Saturday at Westlake Park and Colma school.

The contest will start at 1 p.m., co-sponsored by the city department of parks and recreation and the Lake Merced Optimist Club.

There will be five classes of competition: B-1—boys 9 and under; B-2—boys 10 to 12; B-3—boys 13 to 15; G-1—girls 9 and under; G-2—girls 10 to 12.

Any type of kite may be entered, but all kites must be homemade, according to Charles Vincent, recreation supervisor.

All parks and playgrounds are holding kite-building classes this week. Sticks will be furnished free of charge and instructors will help in the construction.

Kites will be judged and awards given as follows:

1. The first kite to get 60 feet in the air after a signal is given.

2. The kite going out the greatest distance in 15 minutes elapsed time.

3. The kite most directly overhead at the end of 15 minutes.

4. The most original and novel kite entered in the contest.

5. The smallest kite that will fly (at least 60 feet).

6. The largest kite that will fly at least 60 feet.

All contestants must fill out entry blanks. These may be obtained from the recreation leaders at the schools and the playgrounds. They may also be filled out the day of the kite derby at Westlake Park and Colma School.

Ralph Matteucci, Watson, Grubb Bowling Champs

Robert Kalinin's 224 high singles highlighted the third annual Eagles' Bowling Tournament, but Ralph Matteucci grabbed top honors and a trophy with the most total pins.

Matteucci had games of 202, 158, 173, plus a 64 handicap to grab the first prize.

In the novice class, Leroy "Slicker" Watson rolled a 395 for a trophy, on games of 117, 144 and 134.

Eva Grubb led the ladies in the trophy dash with a 164-146-151 performance for high series of 461.

Little Eva upset last year's champ, Leslie Grisel, by a convincing margin, while defending male kingpin, Vincente Merlo, was dethroned by default. The pub keeper was at the hospital awaiting arrival of his sixth daughter, according to friends.

Rod & Gun Club Changes Locale

President Bill Gurr of the Daly City Rod and Gun Club announces that the club has moved its meeting place from Westlake Lodge to larger quarters at Eagles' Hall, 3344 San Jose avenue.

Gurr also states that the club is becoming a National Rifle Association affiliate and hope to be using their new range at Half Moon Bay soon. This rifle range will be available to members only, except for competitive matches with other clubs.

New officers will be elected and all members, former members, and anyone interested in joining, are urged to attend.

VARSITY LOADED?

Indian Track Squads Open Campaign With Capuchino On Friday

Bob Watt's Jeff High tracksters begin Peninsula League dual meet action this Friday afternoon against Capuchino in San Bruno.

Title timber in the varsity, so-so in the B's and promising in the C's, is the Indian cinder outlook.

In a final warmup meet with Riordan here Tuesday, Jeff took the varsity division, 65-47, lost the B's, 64-48, and captured the C events 60-26.

Best varsity duel was the 880, won by Link Mullaney in a blazing 1:59. Indian Felix Valdez was 12 yards behind for second.

Sonny Martinez of Jeff took the sprints, winning the 100 and 220. Len Lamendola rolled home first in the quarter mile in 52.2.

Dennis Marc high jumped 6 feet for a first, and Mike Pechian captured the pole vault by zooming 11 feet. Marc's best is 6-2, while Pechian has climbed to 11-4.

The Tribe's Arnold Pollard won the broadjump with a leap of 18-6.

A week from Friday, Watt's teams host Burlingame. They were rained out of the scheduled opener with San Mateo last Friday.

DC Bowler Explodes

Anthony DeGregorio of Daly City rolled a 300 game last week in bowling action at San Francisco Sports Center. It was the first perfect game there in two years.

Pack 248 Sets Pinewood Derby

A pinewood derby (midget racers) will feature this Thursday's meeting of Cub Pack 248.

Pack dads and lads have been busy the past several weeks preparing their wooden models for the showdown.

Two trophies—one for beauty, the second for speed—will be awarded.

Each car must pass inspection to enter the competition, and no racer can exceed the 5-ounce weight limit.

LOSBERGER LEGIONS

Westmoor Baseballers Host Hillsdale Club

Fast-baller Ray West and his Westmoor varsity baseball mates open Peninsula League competition this Friday in Daly City against invading Hillsdale.

A 5-4 loss Tuesday to Serra gave Coach Rod Losberger's Rams a 3-5 practice record. Next day the locals were scheduled to play Riordan here.

Weak only at shortstop, Losberger's soph and junior dominated squad could surprise with a middle of the loop finish this season. Hillsdale is rated among the top dogs, but behind odds-on Capuchino, Jeff and South City.

The Ram lineup Friday at 3:15 p.m. will feature Bill Dougherty at first base, Jim Heick at second, Sid Swanson or Bob Goodwin at ss, and Dave Simons at third. In the outfield will be heavy-hitting Rich Hottal, Ross Holmgren and Bill Reynolds. Tom "The Bull" McHugh will handle the catching.

Next Tuesday afternoon Westmoor hosts town rival Jeff, and Friday the Rams will greet touring San Mateo.

Victory Medals For Cop Cagers

Coach Dick Brewer's championship Police Athletic League cagers were presented individual medals Wednesday night in ceremonies at War Memorial building.

John Coleman, Police Athletic League president, made the awards on behalf of the city.

Brewer's cagers went unbeaten in the eighth grade recreation league.

DEADLOCKED BOWL LEADERS CLASH TUESDAY

Tied-for-first Jack's Inn and Vince & Fred clash next Tuesday night in main action of the DC-Colma Bowling League at Brentwood Bowl.

Bold Bill Watson hogged the honors this week with high series of 605 and a 234 high game.

F. Rushworth of Joe's Nursery and Ernie Cool of V&F have the league's best averages. The former for 24 games has a 190 mark. Ernie in 72 games is averaging 189.

Rams Thinclads Lose To Mateans, Await Hillsdale

Defeated in all three divisions by San Mateo here Tuesday, Westmoor's track and fielders meet Hillsdale's cinder Knights here this Friday afternoon in Peninsula League dual meet action.

Coach Ernie Ribera's Rams dropped the varsity division, 77-36, were tripped in the B's, 68-45, and lost the C's 76½-8½.

Westmoor scored varsity firsts in: 220, Mike Joseph, 24-flat; 440, Dave Dunbar, 56.4; 880, Jed Cyr, 2.15; low hurdles, Rich Burnham and Dave Vogl tied for pole vault honors with a 10-6 effort.

The sandy track hindered times of both squads.

On Friday, March 28, the Daly City preps move to South City for competition against the Warrior thinclads.

USF-bound Jim Hadnot of Oakland's McClymonds High and his coach, Paul Harless, Hilltop graduate, walked off with all the glory last week in the 12th annual "Tourney of Champions" at Berkeley to determine Northern Cal's top prep basketball team. Capuchino, two-time conquerer of Jeff, finished among the also-rans. Hadnot, standing 6-10½, still growing, and only 17, follows the footsteps of another McClymonds great, All-American Bill Russell.

'NATURAL TEAMWORK'

DC COLUMNIST GOES BACK-STAGE WITH EDDIE FISHER, GEORGE GOBEL

by Mona Baker

Hollywood—Glamorous dancing girls in gold and black costumes waiting back stage . . . stars tucking in stray curls as wardrobe mistress holds a mirror...stagehands moving scenery...quick costume changes...constant activity behind the scenes...while out in front another smooth polished production goes coast to coast...and NBC's popular television show starring George Gobel and Eddie Fisher (KRON-TV, Tuesday, 8 p.m.) is on the air!

As we watched in a corner back stage, we could sense an air of expectancy and all the drama and excitement of a first nighter.

Like Any Dad

Talented Eddie Fisher came by—just like any father with a new son, anxious to talk about the latest addition to his family. We discussed names and children, and Eddie said he was so glad the new baby was a boy...although he was obviously very proud of his 16-month-old daughter, Carrie, whom he said was just like her mother, Debbie Reynolds. He said that the program would be shown later that evening for the west coast, and he was going right to the hospital following the show, and they would watch the program together.

Charming Jeff Donnell, who portrays Gobel's wife "Alice" in the comedy skits, was standing nearby ready to go on, so we had a few minutes to chat with her. Again the subject of our conversation was children—and she was so proud of her young son, Mike, who was becoming one of the star high hurdlers in his high school.

Phyllis and Peter

Guests on the show that evening were Phyllis Kirk and Peter Lawford. Miss Kirk was beautiful in a smart black sheath.

We talked to George Gobel at the end of the show, and he said because of the long applause from the audience, he had to leave out some of his gags to make the show come out on time. One of the country's top comedians, George is also a perfectionist, and anxious for his show to be just right.

"Back to earth" and to our hotel. It was truly an exciting experience to be behind the scenes and watch the fine teamwork that makes the show one of the leading television productions in the nation.

FAMOUS video-movie team of George Gobel (seated) and Eddie Fisher proved "pretty human" personalities when interviewed in Hollywood by Mona Baker, Marchbanks Publications columnist.
